Dear Praying Friends,

June-July 2018

Thank you for helping this ministry with many years of support through prayers and financial offerings. We could not make it on the field without your help. We need prayers at this time for my health. July 16th, I went to see my doc at the VA. Hopefully we will be able to get some answers to what is causing the headaches and internal pain. Please pray that it is nothing serious.

The ministry is going well! The Lord has kept the doors open on base for us to continue our Bible studies and picking up for Church. The number of students that get involved still goes up and down constantly. The Lord is at hand though and he sends in those we can minister to.

In one of our Thursday evening Bible Studies, Daniel trusted the Lord as his Saviour. He knew of the Lord Jesus Christ but not personally. He also had been "baptized" twice but had never been saved. God is still in the saving business!

The Center building is still in need of some maintenance work. We still need some help with the mortgage on the building. The interest rate is a little high. Please pray about how you could help with these needs.

Over the years we have had the opportunity to witness to people from 34 different nations in this ministry. We have witnessed hundreds of military personnel come to the saving knowledge of our Lord and Saviour Jesus Christ. The Lord has been faithful also in sending in His children that need the word of God. The military is a place of "culture shock" for many Christians that join and having this ministry here has been a great blessing to many Christians that serve in our military.

In all the business of the LORD,
and in the service of the king,

Bro. James Dare and Family

Holding Forth the Word of Life to our Servicemen and Women
