Missionaries in Mexico

December 10th, 2018

Dear Pastors, Churches and Praying Friends,

The ministry continues to go forward as we see God changing lives! We are very grateful for your continued support and prayers!

We now have 3 men who are working in the full-time ministry between the two churches that God has allowed us to start. We also have 2 young men and a young lady that will be finishing with their classes over the next year.

Our goal from day one has been to train up leaders who can serve in the churches that we have started or will be starting. We know that in order to reach this city and this country, we need to have Mexicans who will lead each church and the ministries that have been started within each church.

Spot Light:

We praise the Lord for the 20 people that are serving in our first church plant (New Life Baptist Church). What a blessing to see how God has matured this church to the point where I am not needed to teach and preach if need be. This has allowed us to start the second church plant (Living Water Baptist Church) and now I have an Assistant Pastor (Pastor Jesus Castañeda) running things during the week. We believe that our job is to work ourselves out of a job. Both churches are doing well and we have a team in place doing a great job!

We will Lord willing be ordaining my

Assistant Pastor Jesus Castañeda in January.

This will be a very special time for our first church plant.

Merry Christmas From our Family to Yours!

Here to Serve,

Jonathan Anderson and Family
