

March 2019

Dear Praying Friends,

Our team is currently recovering from the second trip of the year. A vision team of just fourteen volunteers headed off to San Miguel, El Salvador to assist national Pastor Roberto Nieto and the people of Tabernacle Baptist Church as they served the local community. After six days of clinics, including six different church plants, MMO was able to treat 1,011 people with over 300 accepting Christ as their personal Savior! Our team returned rejoicing over the fruit of their labors. Please pray for the members of Tabernacle Baptist Church and the surrounding church plants, as they attempt to follow-up on all of these new believers.

As most of the team returned to the United States, several team members headed over to Honduras, with Bradley, to finish up some work on the Rearick Surgical Center. Praise the Lord for progress! The operating room lights have been installed and the supplies have been organized. Two more containers are currently passing through customs and should be released to the Rearick Surgical Center at any moment! We are so excited to get the RSC up and running so that more people may be reached with the Gospel of Jesus Christ through compassionate medical care!

Next up is Guyana in April. This is a vision only team and we are still looking for more volunteers. If you are interested in working with national Pastor Lachana Yankana, and the people of Bible Baptist Church in East Bank, Demerara, Guyana, please let us know. We would love to have you!

Please continue to pray for the set-up of the RSC. Also pray for the health and safety of our teams and for the Lord to be preparing hearts. Start praying now for our busy summer and for all the work that goes into planning each trip. Lastly, please pray for our fellow team members, Dr. Jason Frazer and family, as well as Hannah Bender, RN, as they are currently on deputation raising support to join us full-time! God is so good!

Serving Alongside,
