

Dear Pastor and Prayer Partner,

We praise the Lord for all He did in 2019, but we are also very excited about what 2020 will hold. It sure is fun serving our Lord

Churches in Mexico

We praise the Lord for how both churches continue to go forward.

New Life Baptist Church (our first church plant) is going well and we just talked with the leaders about what they have planned for 2020. We have started to get the building permits so that we can start building in 2020. We will, Lord willing, continue to serve at this church upon our return to Mexico.

Living Water Baptist Church (our second church plant) had a great turnout for their Christmas service. There were over 120 people there and they are staying in contact with the visitors. This is very exciting to see how God continues to bless the work. Please be in prayer as this church needs land so that they can build a permanent home for their church family.

The Work in Cuba

I just got word that two young men were saved there in New Life Baptist Church in Cuba. This is very exciting as we have been praying for the Lord to save more young men. I will be going to Cuba for a few days in February with my Pastor Austin Gardner. This trip will allow us to spend time with the Cuban believers. We also have a group of youth and Assistant Pastors going with us. We look forward to spending time with them and helping them to have a vision for the young people in their churches. Please pray much for this short but important trip!

Re-entry Fund and Support

We are excited about seeing new partners with our ministry! This monthly support is what allows us to stay on the field and start churches. Just this past week we saw two more supporters join our family and ministry! This is wonderful news as we desire to get back and start more churches in Mexico and see the world reached in our generation!

We are starting to plan for our return and we are needing money for our re-entry fund. We will need to buy a vehicle, airplane tickets and other things. Please pray and ask God if He would have you partner with our ministry on a monthly basis. Please also consider giving for our setup fund!
