**Update:** I just received the final report from the Christmas Bible Clubs in Mexico. The attendance this year was much higher than recent years as well as the number of different locations within Mexico and the Mexican churches that participated. There were over 1,600 professions of faith in Jesus Christ among the children and over 450 adults. If you donated to the project or support us on a monthly basis, please let me say **thank you and God bless you!**

Barbara's hip replacement surgery still hasn't been scheduled due to a delay in getting the clearance from her primary doctor. Hopefully that miscommunication will be resolved quickly. We will update as soon as we can or you can follow her on Facebook @ Barbara Turley Davis.

The attendance at the ladies prison has been steady at 70 (the maximum allowed in our room). Several of our faithful ladies have been moved to minimum security facilities or transitional housing. We are looking forward to this week and our Valentine's Day service. It is the perfect opportunity to remind them of God's unchanging love. No greater love!

Please forgive us for not reporting as often as we should. We don't have an updated computer or internet access with the dinosaur computer we are currently using but hopefully we will be able to update soon.

Thank you and God bless you!
