

# The Arellanos

Missionaries in México

*Casting all your care upon him; for he careth for you. 1 Peter 5:7*

We give thanks to the Lord for allowing us to continue working in the mission field even during these times of uncertainties. Here in Monterrey, Mexico we are still in quarantine and the government has shut down many non-essential businesses, safe distance has to be applied when going out of the house and sadly churches still can't open their doors until further notice. But this hasn't stopped us from spreading God's word. His word is still being preached!

Each pastor that work in our ministry has been using social media and online resources to reach out to their congregation and to non believers. They have been teaching, preaching and having worship online. And there has been so many people interested and committed to God's word during this time of pandemic. God has a purpose for everything! Families are finally finding the time to sit and listen to God's word.

We also had the opportunity to send candy bags and toys to the kids from our newest mission during children's day, a special day here in Mexico where they celebrate all the kids. The pastor passed by their house and from a distance gave each of them candy bags and words of hope to remind them that God is with them during this time of need.

We know that God is in control and we just ask you to please pray for each family that is going through sicknesses and worries during this time.

Thank you for your love and support. God bless you always.

The Arellano Family
