

News from Project Win Mexico and the Anderson family

We are excited about sharing of our God's faithfulness over the last few days and weeks!

We are currently waiting to see what the leaders there in Mexico say about the Covid19 and how soon we can return to Mexico. I was able to talk with the pastors last week and they said to wait until August to see what is happening. We had already planned to be back in Mexico and start a 3rd church this Fall. It seems that most churches and missionaries are needing to change plans with everything that is happening these days.

We are needing to turn our house back over here in GA and also I will be returning our ministry van at the end of July. We were praying for another place to stay and a van or something to drive. Praise the Lord, both prayer requests were answered within a week! We are now at 80% of our needed monthly support! Pray with us that God would touch the hearts of those who he would have partner with our church planting ministry!

Even if we end up staying a few more weeks or months, we still are making plans to return to Mexico. With that said, we are still asking God to provide the needed funds for our re-entry fund and all that we will need to buy upon our arrival there in Toluca, Mexico.

Below is a list of things we need for our re-entry fund:

Vehicle - 8,000

Furniture - 3,000

Washer and Dryer - 1,100

Funds For New Church Plant - 2,000

Deposit on a House - 1,600

Plane Tickets - 2,000

Let us know if you would like to help with one of these items.

Email: projectwinmexico@gmail.com

Thank you for praying about these needs!

I am currently Teaching Classes at the **Our Generation Training Center** and it has been a big blessing these past few weeks. Not being able to return to Mexico really makes us miss teaching in the Bible College there. I am currently teaching a class on Spiritual Disciplines. This is a class of students/future missionaries who are preparing for their future ministry. We love getting to take part in their preparation while back in the US.
