Church Planters in Belarus

November 2021

Dear Pastor and Congregation,

Greetings from Belarus. These are extraordinary times we are living in. The entire world has been turned on its ear. Belarus has gone from a mask recommendation to a mask mandate to a no mask policy. All this occurred in the space of three months. The mandates are removed, but Covid 19 is still surging. The hospitals throughout Belarus are full. The patients are in beds in the hallways and sick people are being sent home. There have been so many deaths that morgues are full and cemetery space is scarce.

Emmanuel Baptist Church

The pandemic has affected our church services. Our attendance is down to a few people. Many of our members are sick or have sick relatives that they are caring for in isolation. We continue our services with those who can come. Please pray for the people of Belarus. Specifically, pray that this wakes people up and they turn to God for help. Pray for us to have wisdom in all these areas.

Friday Bible Study

The Bible study has continued throughout the pandemic with good attendance. We have a good round of questions and answers after the lessons are finished. This is a good sign as we have some who are nearing a point of repentance and faith in Christ. One man we would like you to pray for is Max. He is really searching the scriptures. He takes notes during the lesson and asks about the things he has jotted down. He also comes with questions about parts of the Bible he has read throughout the week. We would like you to especially pray that God protects him from the devil's devices. There are many outside influences in his life that could sidetrack him.

Good News from the doctor

The biopsy that they took on Helen's thyroid gland was benign. This is the best possible news. She will need to keep checking it to be sure nothing develops, but other than rechecking it in six months, there are no ongoing treatments. Thank you for praying for Helen.
